Evans Distribution Systems Achieves ISO 9001:2015 Certification

MELVINDALE, Mich. December 03, 2018 — Evans Distribution Systems, has recently achieved certification of the new ISO 9001:2015 standard for quality management systems. Evans originally obtained ISO certification in 1999 and has upheld this certification continuously since then.

ISO 9001:2015 is a standard criterion for a quality management system. The standard is intended to improve upon a company's management over customer focus, continual improvement, and providing consistently good quality products and services.

Karen Toth, Quality Systems Manager at Evans stated "I want to thank all of our Evans Leadership along with our

Operations Team for a great job in preparing for this new standard throughout all of 2018. The success that we have had in maintaining and enhancing our Quality systems over the past couple of years has proven to be beneficial to both our external and internal customers." Karen goes on to say, "2019 will bring exciting new challenges to Evans and our team will be ready to ensure we are always exceeding our Customer's expectations."

About Evans Distribution Systems

Evans Distribution Systems, headquartered in southeast Michigan, was founded in 1929 as the Central Detroit Warehouse Company. It has evolved into a full-service, third-party logistics provider offering [warehousing](#), [transportation](#), [fulfillment](#), [value added](#) and [staffing](#) to the manufacturing, food and beverage, consumer goods, and chemical industries.
