Evans Distribution Systems is a full-service third-party logistics company dedicated to providing our customers with innovative and flexible integrated logistics solutions. We operate seven facilities in and around the Metro Detroit Area.

As the pandemic centered around COVID-19 continues to evolve we are doing everything we can to ensure the safety of our employees, customers, visitors and vendor partners. With Evans Distribution Systems being deemed an essential business in the state of Michigan, we will continue to operate as safely and efficiently as possible. We have instituted our response plan with stringent preventative measures to keep our facilities sanitized and our employees healthy and fully operational.

For anyone who has experienced a disruption in their supply chain during this pandemic, we are available to assist you. We have overflow capacity to assist in your warehousing and transportation needs during this difficult time. All of our warehouses are still operational and they are ready to assist you.
