MELVINDALE, Mich. May 16, 2022 — [Evans Distribution Systems](http://www.evansdist.com), a full-service third-party logistics provider of warehousing, transportation, fulfillment, value-added, and staffing solutions, has expanded into a 265,000-square-foot warehouse based in Allen Park, Mich. The facility is located on expressway I-94 and a few miles from the Detroit Metropolitan Wayne County Airport, making it an ideal location for shipping and receiving.

Evans will support its existing client base as well as new customers with complete supply chain solutions at this site.

“With all the challenges the supply chain industry has faced in recent years, this is a step forward to take on new customers and deepen our relationships with existing customers,” Evans says. “We look forward to the opportunities that this new space provides.”
