Evans Distribution Systems Named a Top 100 3PL for 20 Consecutive Years

MELVINDALE, Mich. July 18, 2022 — Evans Distribution Systems, a full-service third-party logistics provider of warehousing, transportation, fulfillment, value-added, and staffing solutions, has been recognized as a “Top 100 3PL Provider” by *Inbound Logistics* for the 20th consecutive year.

“We are thrilled to receive this recognition for the past 20 years,” says John A. Evans, President & CEO of Evans Distribution Systems. “This honor reflects our dedicated employees who work hard to deliver high-quality service and innovative solutions to our customers.”

This year Evans experienced exciting growth that led to a 265,000-square-foot expansion in Allen Park, Mich. and the expansion of its hazardous materials facility in Detroit. The new location and additional square footage helps to meet the high demand for warehousing capacity and to better accommodate new and existing customers.

“As challenges and shortages continue, customers require a strategic supply chain partner. Evans has stepped up to mitigate disruptions and provide stability for customers,” Evans says.

The Top 100 3PLs are selected on a variety of criteria including services, solutions, technology investments, geographic coverage, and financial stability.

“*Inbound Logistics* is proud to honor Evans Distribution Systems for logistics and supply chain excellence,” says Felecia Stratton, editor at *Inbound Logistics*. “The list of Top 100 3PLs are leaders in optimizing transportation and logistics operations. Evans continues to deliver solutions that solve logistics challenges and improve processes.”
